## Side-by-Side Swing Product Specification

HodgePodge is a clever and versatile combination of play equipment and climbing structures that can be used anywhere and for numerous activities. Climbing trees, Wasps' nest, zip lines, swings and carousels for fun and excitement.

Swinging together is still the most fun! Whether on classic seats or in the cool nest swing – with the Side-by-Side Swing you can let the breeze caress your face. And due to the low entry height of the nest swing, even the little ones will get the most fun out of swinging.
