## Bamboo Spinner Product Specification

HodgePodge Playpoints are climbers or rockers or twisters. They are Playpoints first and foremost, but they are also very nice pieces of public design, and they are sculptural. All HodgePodge Playpoints are high-end engineered units made from high-quality materials like stainless steel with a brushed finish, powder coated recycled aluminium connectors, high density polyethylene (HDPE) panels and ITR-bearings for maximum safety and durability.

The Bamboo Spinner is a rotating element for young and old that can spin on a tilted axis. It has a seat made of bamboo panels and two stainless steel handles that can provide support.

The dimensions of the equipment and protective surfacing area have been rounded up to one decimal digit.

## Technical Data

Technical changes are reserved.  
The following text can also be used for tenders.

**Turntable:**  
HDPE sheets, 19 mm thick (3/4"), securely fastened to the stainless steel plate with surface screws..

**Covering:**  
Bamboo strips, 90 mm width (3" 35/64), all edges rounded milled.

**Tube:**  
Stainless steel tube Ø 28 mm (1" 7/64)

**Stand:**  
Stainless steel swivel stand with fully encapsulated bearing.
